## Inspection Notes

### Certified Food Protection Manager

Unless directed otherwise, all Eating Establishments are required to submit a copy of their Certified Food Protection Manager (CFPM) certificate. A CFPM must be hired within 90 days of a new eating establishment opening or when a CFPM leaves employment. For a list of CFPM courses and trainers go to <http://www.maine.gov/healthinspection/training.htm>

Please provide a copy of this certification(s) to your inspector [Derrick Stephens] by emailing to [dstephens@southportland.org] or faxing to 207-287-3165. A copy may also be sent to Carol Gott, Health Inspection Program, 286 Water St. 3rd Floor, Augusta, ME 04333 or carol.gott@maine.gov.

Please include the name of your establishment and the establishment ID# with your certification(s).

### 2013 Maine Food Code Adoption

The Maine Food Code was adopted in October of 2013. Please refer to our website for a copy, <http://www.maine.gov/healthinspection>. Following are a few of the major changes:

- " No Bare Hand Contact with Ready-To-Eat Food. Handlers are required to use gloves, utensils, deli papers, etc., to avoid bare hand contact with ready-to-eat food;
- " Establishments must have clean-up procedures for employees to follow following vomiting and diarrheal events;
- " Responsibilities of the person in charge for ill employees (exclusions and restrictions); and,
- " Date marking of Ready-to-eat potentially hazardous foods.

### Violation Correction Timeframe

Critical violations should be corrected on site, but in any event, within 10 days. The licensee must contact the inspector when the critical violation has been addressed at 207-( 767-7603 or 274-0215 ) or email (dstephens@southportland.org ). Non-critical violations must be corrected within 30 days. Failure to satisfactorily correct these violations before the follow-up inspection may result in enforcement proceedings by the Department to include fines and penalties, which are outlined in Sections 7, 8 and 9 of the Rules Relating to the Administration and Enforcement of Establishments Licensed by the Health Inspection Program available at <http://www.maine.gov/healthinspection>. License renewals can be denied if violations are not corrected within the noted timeframes.

C= Critical violation and NC= Non-critical violation

"Critical violation" means a provision of the Food Code that, if in non-compliance, is more likely than other violations to contribute to food contamination, illness or environmental health hazard.

### Additional Inspection Fee

License fees provide for two inspections per year. When additional inspections are required, the Department may charge an additional \$100 fee to cover the costs of each additional inspection or visit.

### Document Retention/Posting

Pursuant to the Maine Food Code, the establishment's current license must be displayed. In addition, a sign or placard must be posted in a conspicuous area notifying consumers that a copy of the most recent inspection report is available upon request. CFPM certificates must be posted in a conspicuous area and must be available to the Department upon request.
