

Annex S: Response to Weapons of Mass Destruction (WMD)

Nature of the Hazard

The City of South Portland is could be subject to terrorist events that use any assortment of WMDs such as Chemical, Biological, Nuclear, Radation, or Explosives (BBRNE). The city is a top 500 target in the United States due to its infrastructure.

The city's Fire Department is a Type 1 FEMA team as well as a State WMD Regional Response Team.

This plan is not public and considered **FOUO** (For Offiical Use Only) as it provides response plans that could be used be terrorists to plan countermeasures or circumvent response plans.

Requests to review this Annex will be handled on a case by case basis.
