

INITIATED ORDINANCE

Waterfront Protection Ordinance

The People of South Portland do ordain and enact the following ordinance which shall be incorporated in the municipal code as follows:

Section 1: Findings:

Whereas, South Portland is a waterfront community that borders on Portland Harbor and Casco Bay; and

Whereas, the City has adopted a Comprehensive Plan to guide the City's future growth and development; and

Whereas, a portion of the City's waterfront is designated in the zoning ordinance as an industrial district named Shipyard District (S), which has as its purpose "to promote the Shipyard area in South Portland as a robust waterfront center for office complexes, commercial uses, marine uses, and light industrial activities"; and

Whereas, the adopted Comprehensive Plan identifies the Shipyard area as an area where, in the short term, the impacts of industrial uses on adjacent residential areas should be minimized, and envisions a transition to more of a mixed-use area preserving the opportunity for traditional marine uses while accommodating recreational, business, and even residential uses; and

Whereas, the City has established a Shoreland Area Overlay District, applicable to the first 250 feet from upland edge of a coastal wetland, in order to prohibit development that would adversely affect water quality, biological ecosystems or scenic and natural values; and

Whereas, there are residential uses including a high rise condominium development and a 123 unit senior citizen facility, as well as recreational and scenic resources, adjacent to land designated as Shipyard District (S); and

Whereas, there are currently four marinas and a yacht club located in and adjacent to the Shipyard District and recreational uses of the waterfront area continue to expand; and

Whereas, fifty nine cruise ships carrying over 95,000 passengers and crew visited Portland Harbor in 2012, and many of those passengers visited South Portland, providing significant economic benefits to the area; and

Whereas, shoreland areas in the Shipyard District border Casco Bay, which has been designated as an "Estuary of National Significance," by the U.S. Environmental Protection Agency, supporting some 850 species of marine life; from microscopic plants to migrating pilot whales, and 150 species of waterbirds; and

Whereas, South Portland is a gateway to and from the Gulf of Maine, an area described by the Gulf of Maine Research Institute as a "global treasure," rich with aquatic life, remarkable natural beauty, and deeply rooted maritime traditions that has extraordinary combination of miles of scenic shoreline, abundant recreational opportunities and world-premier fishing grounds; and

Whereas, Bug Light and Spring Point Light, two of the City's most important historical landmarks and tourist attractions, are located in and near the Shipyard District; and

Whereas, the South Portland Campus of Southern Maine Community College is located on a campus the college describes as "one of the most picturesque points on the Maine coast"; a few hundred feet from the Shipyard District; and

Whereas, the City is committed to create a sustainable South Portland that includes economic development and job creation through energy conservation and sustainable technologies, has passed a landmark sustainability resolution, No.1-10/11 and signed the U.S.Mayors' Climate Protection Agreement; and

Whereas, the City's Comprehensive Plan incorporates the Ferry Village Neighborhood Plan and the Willard Neighborhood Plan, development plans for neighborhoods proximate to the Shipyard District, which plans call for "development in the Shipyard District S to be compatible with the neighborhood"; and

Whereas, the City desires to encourage traditional marine uses and to prevent the intensification or expansion of existing incompatible industrial uses in the Shipyard District; and

Whereas, industrial development in the Shipyard District is limited to light industrial development and construction of equipment or facilities to load oil on tanker ships is not a light industrial use.

Section 2: Purpose:

This Ordinance is enacted to protect and ensure the welfare of the people of the City of South Portland, including protection of property rights, aesthetic values, and economic interests, to promote scenic views and scenic vistas on the waterfront; to protect the environment; and to promote comprehensive land use planning and compatible land uses in and near the Shipyard District and portions of the Commercial District.

The regulations applicable to the Commercial District (C), the Shipyard District (S), and the Shoreland Area within said zoning districts established hereby shall apply to the areas within said zoning districts as they existed on May 1, 2013, and shall not be affected by any change in district or designation thereafter unless approved by the voters of the City as an amendment to this Ordinance.

Section 6: Violations:

Violation of this Ordinance shall be subject to a minimum penalty of \$1,000 per day for each violation, or such greater amount as may be authorized from time to time for the enforcement of land use ordinances under state statute. The City's remedies by penalty are declared not to be plain, complete, or adequate in the case of continuing or repeated violation of this Ordinance. Any permit or approval issued or rendered by the City after May 1, 2013 purporting to authorize any use or structure prohibited or regulated hereby shall be rendered null and void upon enactment of this Ordinance.

Section 8: Inconsistent Ordinances:
