Discussion:

Armory Project

We need an architectural elevation to properly evaluate the plan. We are, at this time, unclear of the purchase agreement, as well as the requirements/expectations of the developer re: the façade.

Greenbelt Walkway Pedestrian Bridge

Charrette scheduled for October 28, 3-7pm. AHPC members will attend. Feasibility studies are underway. "Planning for the Charrette" meeting scheduled for September 18; it would be appropriate for a member of AHPC to attend.

Vision Statement accepted.

Foulmouth Brewery

We are enthusiastic about the project and the potential. Scott raises concerns about the metal shingle infill. Scott will explore that further.

Strategic Plan

Starting phase of gathering information - surveying and methodologies for doing so, etc. We should continue to clarify our own role to the City prior to formal strategic planning.

Attendance

Moving forward, we will be more actively evaluating the attendance record and policy for our committee.

Meeting adjourned 9am. Next meeting: October 14, 2015, 8:00am.
