

Supporting South Portland Restaurants

Now more than ever, our local food and beverage businesses are counting on us for support. We have compiled a list of restaurants, eateries, and breweries in South Portland that are currently offering takeout, curbside pickup, and online delivery options. Although we are working to keep this list current, things change, often with little notice, so we encourage you to call and / or check their social media pages of the businesses listed below, prior to placing any orders.

We are always looking for ways to promote the offerings of all of South Portland's businesses. We recognize that this is not a complete list. If you are a restaurant, brewery, or eatery in South Portland that would like to add your information to this list, please reach out to our Economic Development Department Director, William Mann, at: business@southportland.org. If your establishment is already on this list and you would like to provide updated or additional information that too can be sent to: business@southportland.org. We will be updating this listing daily. Please reach out with any questions to our Economic Development Director, William Mann at wmann@southportland.org or via phone at 207-347-4125.
