Executive Comm Report

Work has come together on our plans to help with snow and sidewalks. A snow group has met, the health committee has met, Chad has crafted documents, Sue and Chad have spoken with the city's attorney, the Human Resource Director, Kathleen and email contact has been maintained with the City Manager. Our goal for tonight is to ask your approval of the shoveling plan, so that work seeking volunteers can begin the day after the meeting. We gave four areas to discuss related to snow:

1. The plan to help eligible residents with shoveling:
2. Sand bucket program: we need volunteers to deliver
3. Sand barrels.
4. Golden Shovel award
