1. Welcome

Craig Piper welcomed everyone to the meeting.

2. Adoption of the Minutes

Minutes from the 6-18-15 meeting will be adopted at the next CPIC meeting.

3. Committee Approval of Master Plan Revisions from the City Council Workshop

Mark Eyerman led the Committee through a list of possible revisions to the Mill Creek Master Plan based on Councilors' comments contained in a memo from Tex.

Local Green Building Standards: after discussion it was decided to keep the proposed language.

Sidewalks Separated from the Street: the Committee suggested that Mark and Craig explain to the Council that "where practical" includes consideration for sidewalk seating.

Broadway Leg on Bridge Pedestrian Bridge: Mark will add "potential" for the Broadway leg of the bicycle-pedestrian bridge.

Use of Native Species in Landscaping: will add "where practical" for both action statements.

Updating of the Broadway Traffic Impact Fee Program: Mark and Craig will provide the broader context for the existing systems by which developers contribute financially to the City's Mill Creek improvements.

The other revisions in Mark's memo were accepted without change.

4. Comments from the Public

No comments from the public.

Mark encourage the team to be present at the July 6th City Council hearing for the Plan's adoption.

5. Adjournment
