Select a tax preparation site. Then, call the number shown for that site and make an appointment. When you make an appointment, we tell you all of the paperwork you need to bring with you in order to have your tax returns completed with one visit.

(WI) Sites with (WI) after the telephone number indicates that the location MAY be able to prepare return(s) for people who walk in without an appointment. Appointments always have priority. And, if opting to just walk in you may not bring all the necessary paperwork with you and have to make another trip home to get it.

*A few low/moderate returns may contain enough complexity that they cannot be prepared by Tax-Aide.
