

To join & participate in remote meetings:

For all meetings, you may participate by following the directions on the posted agenda to join the Zoom meeting by phone or computer. To indicate your wish to speak during the meeting, please press *9 (if joining by phone) or use the "Raise Hand" feature if joining by computer (found under the "Participants" button in the lower panel). If you are having any technical difficulties during the meeting, use the Chat feature or press *9 to alert the meeting host. Members of the public will not have the ability to share their screen or turn on their cameras, so members of the meeting will not be able to see you, but they will be able to hear you.
