

Conservation Commission September 17, 2018, Agenda

Approve 9/4/18 Minutes

Check to ensure 8/21 Minutes were submitted, and September report was submitted

Old Business:

- Discuss FWCF next steps
 - Write-ups for Scott for his review to determine if vendor is needed
 - Update: No wetland map for the city
- Mildred Street: Mildred is included in the Pleasantdale separation project. We expect it will get completed late fall. The geotechnical work is being done right now. After that's done a design will be done for construction.

- Discuss how we can be more involved with other groups more:
 - Attend meetings
 - Read minutes
 - Read city newsletter
 - Be aware of when committee meetings are (and if we should attend)
 - Etc.
- Environmental steward help
 - Ideas for how Mindee could help in her last 6-8 weeks?
- Conservation Corner
