

SOUTH PORTLAND CITY COUNCIL
POSITION PAPER OF THE CITY CLERK

SUBJECT:

CITIZEN INITIATED ORDINANCE #1-13/14 – Initial reading of the citizen initiated proposed waterfront protection ordinance and setting the date of the public hearing on the same pursuant to Section 1107 of the City Charter. Passage requires majority vote.

POSITION:

On June 17, 2013, a citizen initiative petition was submitted to the City Clerk's office requesting an amendment of the South Portland Code of Ordinances to include a waterfront protection ordinance.

Pursuant to Article XI of the City Charter, South Portland voters may propose any ordinance through the initiative process, except an ordinance appropriating money or authorizing the levy of taxes. (There are some other general limitations on the right of initiative not applicable to this proposed ordinance.) Petitions must be in the form set forth in Section 1103 of the Charter. Once an initiative petition is submitted to the City Clerk, the Clerk has 20 days to determine whether it contains a sufficient number of valid signatures and whether each paper of the petition has a proper statement of the circulator. As the City Clerk, I have determined that the petition does contain the required number of valid signatures and that each paper has a valid statement of the circulator. A copy of my certificate of sufficiency of the petition pursuant to Section 1105 of the Charter is attached. Accordingly, I have forwarded the petition to the City Council.

Once a certified initiative petition is received by the City Council, the City Council is required by Section 1107 of the Charter to have the proposed ordinance read and to hold a public hearing on it. Accordingly, the proposed ordinance has been placed on this agenda for an initial reading and to schedule the public hearing for a later date, August 5, 2013. As the proposed ordinance includes proposed amendments of Chapter 27 (the City's Zoning Ordinance), State law requires that the Planning Board conduct a public hearing on the proposed ordinance too. A referral of the proposed ordinance to the Planning Board is also appropriate.

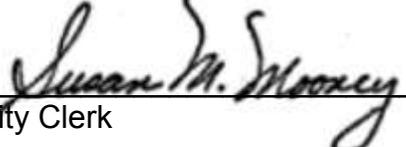

The City Council has the option of adopting the ordinance as proposed by the petitioners. If that is the will of the Council, it could conduct its second reading and take action to enact the ordinance at the conclusion of the public hearing on August 5, 2013.

If the City Council does not pass the proposed citizen initiated ordinance as written, the proposed ordinance must be submitted to the voters at least 30 days but not more than 15 months from the date of the City Council's final vote thereon.

Either way, the City Council must take final action on the proposed ordinance within 60 days of the date it receives it from the City Clerk (either by submitting it to the voters or by enacting the ordinance).

REQUESTED ACTION:

Council passage of first reading; referral of the ordinance to the Planning Board so it can conduct its public hearing; and set August 5, 2013 as the date for the City Council's public hearing and action on the proposed ordinance.

CITY CLERK'S CERTIFICATE OF SUFFICIENCY OF PETITION

I, Susan Mooney, the duly appointed City Clerk for the City of South Portland, Maine, do hereby certify, pursuant to Section 1105 of the City Charter, that I have examined the petitions submitted to me on June 17, 2013 relating to a proposed amendment of the Code of Ordinances of the City of South Portland to enact a Waterfront Protection Ordinance; that the names of 985 of the foregoing petitioners appear on the City of South Portland voting list as registered voters, which represents at least 5% of the registered voters of the City; and that each paper of the petition contains a proper statement of the circulator.

Susan Mooney, City Clerk
City of South Portland, Maine

THE COUNCIL of the City of South Portland hereby ordains that “Code of Ordinances of the City of South Portland, Maine” be and hereby is amended as follows:

Waterfront Protection Ordinance

Section 1: Findings:

Whereas, South Portland is a waterfront community that borders on Portland Harbor and Casco Bay; and

Whereas, the City has adopted a Comprehensive Plan to guide the City’s future growth and development; and

Whereas, a portion of the City’s waterfront is designated in the zoning ordinance as an industrial district named Shipyard District (S), which has as its purpose “to promote the Shipyard area in South Portland as a robust waterfront center for office complexes, commercial uses, marine uses, and light industrial activities”; and

Whereas, the adopted Comprehensive Plan identifies the Shipyard area as an area where, in the short term, the impacts of industrial uses on adjacent residential areas should be minimized, and envisions a transition to more of a mixed-use area preserving the opportunity for traditional marine uses while accommodating recreational, business, and even residential uses; and

Whereas, the City has established a Shoreland Area Overlay District, applicable to the first 250 feet from upland edge of a coastal wetland, in order to prohibit development that would adversely affect water quality, biological ecosystems or scenic and natural values; and

Whereas, there are residential uses including a high rise condominium development and a 123 unit senior citizen facility, as

well as recreational and scenic resources, adjacent to land designated as Shipyard District (S); and

Whereas, there are currently four marinas and a yacht club located in and adjacent to the Shipyard District and recreational uses of the waterfront area continue to expand; and

Whereas, fifty nine cruise ships carrying over 95,000 passengers and crew visited Portland Harbor in 2012, and many of those passengers visited South Portland, providing significant economic benefits to the area; and

Whereas, shoreland areas in the Shipyard District border Casco Bay, which has been designated as an “Estuary of National Significance,” by the U.S. Environmental Protection Agency, supporting some 850 species of marine life; from microscopic plants to migrating pilot whales, and 150 species of waterbirds; and

Whereas, South Portland is a gateway to and from the Gulf of Maine, an area described by the Gulf of Maine Research Institute as a “global treasure,” rich with aquatic life, remarkable natural beauty, and deeply rooted maritime traditions that has extraordinary combination of miles of scenic shoreline, abundant recreational opportunities and world-premier fishing grounds; and

Whereas, Bug Light and Spring Point Light, two of the City’s most important historical landmarks and tourist attractions, are located in and near the Shipyard District; and

Whereas, the South Portland Campus of Southern Maine Community College is located on a campus the college describes as “one of the most picturesque points on the Maine coast”; a few hundred feet from the Shipyard District; and

Whereas, the City is committed to create a sustainable South Portland that includes economic development and job creation through energy conservation and sustainable technologies, has passed a landmark sustainability resolution, No.1-10/11 and signed the U.S.Mayors’ Climate Protection Agreement; and

Whereas, the City’s Comprehensive Plan incorporates the Ferry Village Neighborhood Plan and the Willard Neighborhood Plan, development plans for neighborhoods proximate to the Shipyard District, which plans call for “development in the Shipyard District S to be compatible with the neighborhood”; and

Whereas, the City desires to encourage traditional marine uses and to prevent the intensification or expansion of existing incompatible industrial uses in the Shipyard District; and

Whereas, industrial development in the Shipyard District is limited to light industrial development and construction of equipment or facilities to load oil on tanker ships is not a light industrial use.

Section 2: Purpose:

This Ordinance is enacted to protect and ensure the welfare of the people of the City of South Portland, including protection of property rights, aesthetic values, and economic interests, to promote scenic views and scenic vistas on the waterfront; to protect the environment; and to promote comprehensive land use planning and compatible land uses in and near the Shipyard District and portions of the Commercial District.

Section 3: Amendment to Existing Section (new language is underlined):

Section 27-922(g) and (n) of Chapter 27 are hereby amended as follows:

Permitted Uses. The following uses are permitted in the Shipyard District S....

(g) Petroleum storage tank farms and accessory piers, pumping and distribution facilities for the unloading of petroleum products from ships docking in South Portland, as governed by all applicable sections of the Code....

(n) Facilities for storing and handling of petroleum and/or petroleum products that have been unloaded from ships docking in South Portland, subject to the provisions of Ord. Section 27-1517, excluding automobile filling stations.

Section 4: Section Added to Code:

Section 27-922.5 is hereby added to the Municipal Code to read:

(a) Notwithstanding any other provision of this Code, there shall be no enlargement or expansion of existing petroleum storage tank farms and accessory piers, pumping and distribution facilities, or facilities for the storing and handling of petroleum and/or petroleum products in the Shipyard District or within the Shoreland Area of any Commercial District(C).

(b) No new or expanded facility shall be constructed on an existing pier located in or extending seaward of the Shipyard District.

(c) "Expansion" as used in this section includes, but is not limited to, construction, reconstruction or alteration of any existing facility to change the function or capacity of such facilities; construction of any new combustion units, stacks, vapor recovery systems, equipment, structure, or machinery for transportation or storage of petroleum, including any pumping, distribution or other facility, for loading tankers or other ships instead of unloading ships.

(d) This prohibition is not subject to waiver or variance under any provision of this Code unless necessary to comply with the Americans for Disabilities Act (ADA), fire codes, or pollution control regulations imposed on existing facilities with respect to their existing use as provided in Section 27-302(e)(1).

Section 5: Applicability:

The regulations applicable to the Commercial District (C), the Shipyard District (S), and the Shoreland Area within said zoning districts established hereby shall apply to the areas within said zoning districts as they existed on May 1, 2013,

and shall not be affected by any change in district or designation thereafter unless approved by the voters of the City as an amendment to this Ordinance.

Section 6: Violations:

Violation of this Ordinance shall be subject to a minimum penalty of \$1,000 per day for each violation, or such greater amount as may be authorized from time to time for the enforcement of land use ordinances under state statute. The City's remedies by penalty are declared not to be plain, complete, or adequate in the case of continuing or repeated violation of this Ordinance. The City shall seek, and any court of competent jurisdiction shall grant injunctive relief as well as applicable penalties, costs and reasonable attorneys' fees to the City in the event of any repeat or continuing violation.

Section 7: Retroactivity:

Notwithstanding 1 M.R.S.A. §302, this Ordinance shall apply to any proceeding pending at the time of its enactment, unless such proceeding was commenced before May 1, 2013. Any permit or approval issued or rendered by the City after May 1, 2013 purporting to authorize any use or structure prohibited or regulated hereby shall be rendered null and void upon enactment of this Ordinance.

Section 8: Inconsistent Ordinances:

Pursuant to Charter Article XI, and notwithstanding Zoning Ordinance Sec. 27-115, or any other ordinance of the City of South Portland, this Ordinance is not required to be reviewed by the South Portland Planning board prior to enactment, and shall control over any other procedural or substantive provisions of any conflicting ordinance of the City of South Portland.

Section 9: Consistency with Comprehensive Plan:

This ordinance amends the Shipyard District Zone S in the South Portland zoning ordinance to be consistent with the Comprehensive Plan of the City of South Portland, as adopted October 15, 2012.

Section 10: Severability

The provisions of this Ordinance are severable. If any provision of this Ordinance is found to be invalid for any reason whatsoever by any court of competent jurisdiction such invalidity shall not affect any other provision of this Ordinance.

Explanatory Note (not part of ordinance): This is a citizen initiated ordinance; the entire text is proposed to be added as new text to the Code of Ordinances. Pursuant to City Charter Section 1107, "a proposed initiative ordinance shall be read and provision shall be made for a public hearing upon the proposed ordinance."

Dated: July 1, 2013
