NOTES TO USERS

The map reflects more detailed and up-to-date stream channel configurations than those shown on the previous FIRM. As a result, the Flood Profiles and FDTs may reflect stream channel distances that differ from what is shown on the map.

If the community contacts the Flood Map Service Center at the number listed on the map, they can request a closer look at any areas of concern. Additional information about the FIRM can be obtained by contacting your local floodplain administrator or your local insurance agent. The Flood Profiles and FDTs are available in digital format at http://msc.fema.gov. Many of these products can be ordered or obtained directly from the website.

To determine if flood insurance is available in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620.

The map reflects more detailed and up-to-date stream channel configurations than those shown on the previous FIRM for this jurisdiction. The floodplains and floodways that were transferred from the previous FIRM may have been updated by an updated National Flood Insurance Program study. As a result, the Flood Profiles and FDTs may reflect stream channel distances that differ from what is shown on the map.

The City of Portland, the City of South Portland, and the Town of Scarborough have requested a closer look at any areas of concern.
